RETURNING HOME

Removal of Troops From Cuba Has Now Commenced.

Washington, March 21.—The Sedgwick has sailed from Newport News to Santiago and will bring the Third volunteer infantry to Savannah.

The Meade has taken the Tenth infantry to Matanzas from Havana, and will bring the Twelfth New York to New York from that point. The Thomas is on the way from Havana to Savannah with the Two Hundred and Second New York. The Havana has sailed from Havana to Savannah with the Second Louisiana. The One Hundred and Sixty-first Indiana and the Second Illinois, ordered to be mustered out yesterday, are now at Havana. The First Texas is on its way to Galveston, will stop at Dry Tortugas to be fumigated and inspected.

Arrangements have been completed by the surgeon general of the Marine hospital service for the disinfection in this country of troops arriving from Cuba, which cannot receive this attention before embarkation.

The majority of the troops will be landed at Savannah and will be disinfected there, but others will receive attention at Brunswick, Black Beard Island and Charleston. This is made necessary by the desire of the war department to get the troops over before the quarantine regulations of this country go into effect on the first of next month. The reports from Havana are considered very assuring, giving ground for the hope that the soldiers can now be brought home in large numbers without danger of spreading infection.

GENERAL WHEELER

Makes a Statement Concerning the Santiago Campaign.

Washington, March 21.—Adjutant General Corbin has made public the statement which General Wheeler has felt called upon to make in order, as he says, "to refute certain allegations which reflect upon the cavalry division which I had the honor to command."

The statement is exceedingly voluminous, making really another history of the campaign before Santiago, and it is accompanied by an appendix made up

of the date of commencement and termination of the civil and the Spanish-American war, as a basis for calculating the war service of officers to be retired after 30 years. He holds that the civil war began April 15, 1861, the date Lincoln's proclamation was issued and that it terminated Aug. 20, 1866, when hostilities ceased in Texas, and not April 2, 1868, as stated by the supreme court. The Spanish-American war began, as declared by congress April 21, 1898, and it is held to be still in progress.

SCHLEY PASSED

A Successful Physical Examination For the Rank of Rear Admiral.

Washington, March 21.—Winfield S. Schley has successfully passed the physical examination for promotion to the rank of rear admiral in the navy before a medical board convened at the Washington navy yard. To complete the legal test, he must also pass a moral, mental and professional examination, and his papers are now before a board of rear admirals which convened at the navy department yesterday.

It is said to be an unprecedented thing for an officer to fail in this professional examination for promotion to the rank of rear admiral.

Treasury Statement.

Washington, March 21.—The statement of the condition of the treasury shows: Available cash balances, \$280,752,046; gold reserve, \$241,120,370.

Pennsylvania Politics.

Youngstown, O., March 21.—Hon. Wick Taylor has returned from Washington and states that while there he was creditably informed that immediately following the adjournment of the Pennsylvania legislature Senator Penrose will present his resignation to the governor and the latter will appoint Hon. M. S. Quay. The term expires 1901.

GOLD BADGE

To Be Presented to Helen Gould Admitting Her to Fire Lines.

New York, March 21.—Fire Commissioner Scannell has sent to Miss Helen M. Gould a letter in which he informed her that in view of the services ren-

General Wheeler begins with the declaration that some statements were made before the war investigation commission regarding the battle at Las Guasimas which do great injustice to that part of the army which fought that battle. General Wheeler says that General Wheeler was guilty of disobedience of orders. General Wheeler says that to remain silent and neglect to refute the untrue charges made by Bernal would be disloyal to the soldiers of the country.

PORT ARTHUR CANAL

Company Takes Snap Judgment on Its Opponents.

Port Arthur, Tex., March 21.—The great Port Arthur canal is now an accomplished fact. The dredges finished the first cut a week ago, all but a strip of ground 40 feet wide, which was left to cut through at the big celebration next Saturday. The canal officials became aware of the fact that preparations had been made for another injunction and that the papers were to be served Monday morning. This would have been the hardest blow of all, as the excavations from the north will start Tuesday and by Saturday morning full 5,000 people are expected to be here to participate in the festivities. In order to checkmate this scheme, the dredge Florida was moved down to the meeting point Sunday night and soon removed the last foundation on which an injunction can stand. The waters from the gulf now flow through the canal. The cutting through of the strip will make necessary a slight change in the programme, but aside from this it will not in any way interfere with the big celebration.

SLOWLY EBBING AWAY

Is Pope Leo's Life, Although No Cause For Immediate Alarm.

London, March 21.—The Rome correspondent of The Daily Chronicle says: "Although there is no immediate alarm, it is generally felt that the pope's life is ebbing away. Communications have recently passed between the different cabinets relative to the eventuality of a conclave."

\$25,000 For Chautauqua Fund.

Cleveland, March 21.—A check for \$25,000 was received yesterday at the office of the Chautauqua Literary and Scientific assembly for the endowment fund. The sender stipulated that his name should not be made public. Ground was broken Saturday on the assembly ground at Chautauqua for a boys' clubhouse to cost \$4,000.

Trainingship Saratoga.

St. Thomas, D. W. I., March 21.—The United States trainingship Saratoga, which arrived here last Thursday, will remain until April 5, when she will probably sail for the United States, avoiding Porto Rico because of the smallpox there and the possibility of a quarantine later in home waters.

VISITS JEKYL ISLAND

President McKinley the Guest of ex-Secretary of Interior Bliss.

SPEAKER THOMAS B. REED

Also a Guest on the Island—Their Meeting Declared to Be a Mere Coincidence—President Accompanied by Mrs. McKinley, Vice President and Mrs. Hobart and Senator Hanna.

Brunswick, Ga., March 21.—President McKinley rested last night on Jekyll island, the beautiful winter club home of a number of eastern millionaires, on St. Simon's sound, 10 miles up the coast from Brunswick. With him are Mrs. McKinley, Vice President and Mrs. Hobart and Senator Hanna. They are the guests of ex-Secretary of the Interior Cornelius N. Bliss, whom the president promised to visit last year. In another cottage on the island is Speaker Thomas B. Reed. All persons in any way connected in their presence at Jekyll assert positively and unreservedly that the visit of the two rival political leaders at the same time is a mere coincidence. Whether any improvement of their strained personal or political relations will be one of the accidents of their inevitable meeting on the island, no one will predict. The speaker probably will leave Jekyll this afternoon or tomorrow and the presidential party on tomorrow forenoon.

The run of the presidential train here from Thomasville over the Plant system was rapid and without incident. A committee from the Jekyll Island club comprising ex-Secretary Bliss, Author Thomas, Nelson Page, Cable Promoter J. A. Stryker and Coal Operator Joseph Stickney of Philadelphia, welcomed the president and assisted by Mayor Atkinson and Former Mayor Crovatt escorted him to the island. The president was greeted with a few cheers which he slightly acknowledged by lifting his hat when he emerged from the train and assisted Mrs. McKinley to the carriage which took them to where the revenue cutter Colfax lay in waiting. Another small volley of cheers broke forth as the boat cast off and started on the trip to Jekyll. Speaker Reed, some club members and a score of pretty girls in summer frocks were at the water's edge to greet the presidential party. The big speaker's attitude was characteristic, his hands behind his back and his head thrown back and upward. When the president walked ashore Mr. Reed smilingly raised his hat and said: "How do you do, Mr. President."

Mr. McKinley acknowledged the greeting with a low bow and "How do you do, Mr. Speaker."

President and Mrs. McKinley entered a carriage and drove away. Late in the afternoon the president and Vice President Hobart went out driving. The stay of the president at Jekyll will be made as pleasant and likewise as informal as possible. No reception will be given and Mr. McKinley and the others will be treated during their stay as a part of the island's large family. The president and party are quartered in the cottage of Frederick Baker, who is in Europe traveling.

PROMOTORS

Of the Windowglass Combine Have Run Against a Snag.

Mancie, Ind., March 21.—The big windowglass combine promoters have discovered a snag that may cause the trust to fall to pieces. There has been little trouble in securing options on the American Windowglass association's plants, but the independent and cooperative manufacturers have turned a deaf ear to the promoters. Mr. Newkirk of Chicago and Arthur Brady of this city, are still at work, however, in trying to secure the required number of options, but they are working at a disadvantage, for as fast as an independent manufacturer is "optioned," several new factories are announced as going into business. Should an attempt be made to buy all the plants which are springing up like toadstools, the syndicate would be able to do nothing else. It is also said that the Englishmen of wealth are not satisfied and are withdrawing their money. Appearances are that next fall will see an open market in the windowglass trade.

Misleading.

Youngstown, O., March 21.—Secretary James H. Nutt of the Iron Manufacturers' association said last night that the report from Indiana that George M. Bard would soon complete a trust of bar iron manufacturers with a capital of \$15,000,000 was somewhat misleading. The plans for the rolling mill combine, he stated, originated in this city and were still being pushed forward in an effort to bring the combination to a successful issue.

Salt Combine.

Trenton, N. J., March 21.—Articles of incorporation of the National Salt company, with a capital of \$12,000,000, were filed yesterday with the secretary of state. Articles were also filed for the Boston and Seven Devils Copper company, capital \$5,000,000.

ENGLAND AND CHINA

Lord Balfour Did Not Represent Government's Views

London, March 21.—In the course of a discussion of the government's policy in China, William St. John Brodrick, parliamentary secretary for the foreign office, defended the plan of dealing direct with the Tsung Li Yamen, and declared the suggestion that Great Britain should instead "go straight to other powers" absolutely untenable in the present condition of affairs.

After asserting that Rear Admiral Lord Charles Balfour in his public declarations respecting the best course to pursue, did not represent the views of the government, Mr. Brodrick said: "We ought to be more careful lest we stepped into the position of having insisted on concessions or, having undertaken the reorganization of the Chinese army and navy, that we do not by these successive steps undertake the responsibility for the whole government of China." Referring to North China, he said Great Britain was still hopeful of an understanding with Russia there, and that a friendly and conciliatory disposition existed on both sides.

COWARDLY LEADERS

American Tells Why the Nicaragua Revolution Was Unsuccessful.

Savannah, March 21.—J. H. Cutting, formerly of Boston, has arrived here from Nicaragua. He was a lieutenant of Rana rifles in the recent Nicaraguan revolution under General Repes. Cutting says the revolution would certainly have succeeded but for the cowardly advice of Reyes and other leaders.

"Had we had only 500 Americans, we would have gone through Zelaya's forces like molasses out of a barrel window," said Cutting, "but our leaders were too cowardly to fight. They showed the white feather at the first approach of danger." Cutting says the taxation in Nicaragua is unbearable, and the American mine owners and operators think another revolution is but a matter of time.

GREAT COPPER LEDGES

Have Been Discovered on Prince William Sound, Alaska.

Tacoma, Wash., March 21.—Immense copper ledges have been discovered on Prince William sound, Alaska, between Orca and Valdes, not far from the mouth of Copper river. In one instance glacial action had laid bare a copper ledge 3,000 feet long, four feet wide, extending from tidewater to back of a high bluff. Near by other copper ledges, though not so favorably exposed, are being opened by men who claim they are working for the Standard Oil syndicate. An English syndicate is represented there by Llewellyn Williams, a mining expert of London, who was ordered thither by cable from Australia.

His Strange Behavior

When Firemen Reached the Burning House—He Took His Horse and Rode Away—Each Child Had an Indentation in Its Head and Knife Stabs in Its Throat.

Hutchinson, Kan., March 21.—An atrocious crime was revealed here yesterday when the coroner and his assistants removed the dead bodies of five little children from the house occupied by John Moore, which burned at an early hour. A coroner's jury investigated the case and in accordance with the jury's recommendations, Moore, the father of the dead children, was arrested on a charge of murder. The tragedy has caused much excitement here and there is some talk of lynching the prisoner. However, a lynching is not looked for.

When the firemen and neighbors reached the burning house the father was the only member of the family of seven found outside. His actions were queer and he would not talk. While the building was still burning and his children within the burning walls, he took a horse from his stable and rode away. When the firemen entered the house after having partly quenched the flames, they found the five children lying side by side in a bed on the floor, all dead, but not badly burned. The dead were Carl, aged 12; Marie, aged 10; Pearl, aged 8; Charles, aged 7 and Lee, aged 3 years. The coroner's autopsy held yesterday afternoon developed convincing evidence of an awful crime. The skull of each child was deeply indented, and from the dents long fractures extended. All but one of the children had been stabbed in the neck. The throat of the little 3-year-old, a pretty boy, had been slashed so deep that the spinal column had been severed.

It was upon these facts and the strange behavior of the father that the authorities base their charge of murder. When Moore was called before the coroner's jury to testify, he pretended to believe that an exploding lamp had caused the fire and that his children had met death in the flames. His riding away from the fire he explained by stating that his wife was away from home attending a sick friend and that he went to tell her of their loss.

Moore showed little concern when the jury returned the verdict charging him with murder.

The family came here from Emporia about three weeks ago and rented the little 2-story house in which the tragedy occurred.

Lawbreakers Now Fear Havana Police—Fatalities of Recent Riot.

Havana, March 21.—The excitement growing out of the conflict between the police and the populace is rapidly subsiding, and it is not likely that there will be further trouble. The mob has been taught a lesson which will probably prove sufficient. Lawbreakers now fear the police and realize that the latter will not tolerate resistance to their authority.

During the affrays of Saturday and Sunday three police were killed and about 15 wounded, while of the populace five were killed and between 60 and 70 others wounded, some so seriously that they probably will die. The condition of Police Captain Jose Estrampes is serious, but it is expected he will recover.

Sixty arrests have been made and orders have been issued to the police not to hesitate to shoot hereafter, should occasion require it.

Four Witnesses Examined at the Request of General Lee.

Chicago, March 21.—The principal witness on the list to appear before the government court of inquiry yesterday, Dr. Nicholas Senn, was unable to be in the city, whereupon the court recessed until today, when Dr. Senn will be heard. During its short session the court received the evidence of four witnesses who had been called upon by request of Major Lee, the representative of Major General Miles. According to their testimony the canned beef was always unpalatable and distasteful and, in their judgment it was a contributory cause of sickness among the soldiers and unfit for an army ration. Critical reference to the refrigerated beef was also made by the witnesses.

Drafting Credentials.

Madrid, March 21.—Senator Silveira, premier and minister of foreign affairs, is drafting the credentials that will empower M. Jules Cambon, French ambassador to the United States, to represent Spain at the exchange of the ratifications of the treaty of peace in Washington.

Priceless Pain

"If a price can be placed on pain, 'Mother's Friend' is worth its weight in gold as an alleviator. My wife suffered more in ten minutes with either of her other two children than she did with 'Mother's Friend.' It is a blessing to any one expecting to become a mother," says a customer.

Thus writes Henderson Dale, Druggist, of Carmi, Ill., to the Bradford Regulator Company, of Atlanta, Ga., the proprietors and manufacturers of "Mother's Friend." This successful remedy is not one of the many internal medicines advertised to do unreasonable things, but a scientifically prepared liniment especially effective in adding strength and elasticity to those parts of woman's organism which bear the severest strains of childbearing.

The liniment may be used at any and all times during pregnancy up to the very hour of confinement. The earlier it is begun, and the longer used, the more perfect will be the result, but it has been used during the last month only with great benefit and success.

It not only shortens labor and lessens the pain attending it, but greatly diminishes the danger to life of both mother and child, and leaves the mother in a condition more favorable to speedy recovery.

"Mother's Friend" is sold by druggists at \$1.00, or sent by express on receipt of price.

Valuable book for women, "Before Baby is Born," sent free on application.

THREE YEARS.

Today's issue of the REPUBLICAN completes three years since the present proprietors took charge of the office. Coming as strangers in the community, they have endeavored to identify themselves with every movement that has seemed to be for the advancement of our city's welfare. Judging from the increased patronage that has been accorded the paper, they feel that it has met the popular demand for a wide-awake gatherer of news. The daily circulation shows an increase of a fraction over twenty-nine per cent for the three years. The weekly circulation is showing a healthy growth that has become especially marked since we have put in our new machinery and have given more attention to the news from all parts of the county, a feature in which the REPUBLICAN is not now excelled by any paper in the county, if indeed any paper equals it. In the job department a complete change has been made in the manner of type, and new, up-to-date faces of type have been added as rapidly as circumstances warranted, and the job work of the office has come to be recognized as first-class in every respect.

As we enter our fourth year, we wish to express our appreciation of the generous support that has been accorded the paper under the present management, and we trust that in the future the paper may merit the continued increase in patronage which it hopes to have.

Mrs. Lucy McNiece contemplates visiting her old home at Hayden soon.

Miss Nellie Jackson of Freetown, is this week the guest of Miss Inez Hays.

A movement is now on foot to fence the new cemetery when it will be ready for use.

D. M. Hays visited in Will McNiece's family last Sunday going from Sunday school.

John Gallamore purchased a beautiful one horse vehicle in Seymour last week.

Miss Daisy Hays expects a lady friend of Waseka, Ill., to visit her in a few weeks.

John Pferrer will farm on a large scale this season. His wheat prospect is very promising.

Rev. J. L. Shroyer will preach next Sunday night and install the officers of the Epworth League.

Mrs. L. B. Stilwell with Mrs. Alice Kenner will in a few days go on an extended visit to relatives in Oklahoma Territory.

We had the pleasure of calling on commissioner-elect Ezra Whitcomb last Thursday, also W. F. Anderson, who has a lovely home indicating thrift and prosperity.

Mrs. Chloe Powell of St. Louis, has moved here and will soon build on her premises near the church. Her husband will join his family in midsummer. We all cordially welcome this good family.

It is currently reported that John Gallamore has an opportunity to sell his farm at a fancy price. If the sale is consummated he will move to Seymour where he has property and will make his future home.

The county commissioners have again postponed an election on the gravel roads in this side of the township.

Their excuse is said to be that these roads point in the direction of Seymour as well as Brownstown. The consolation of those who are wronged by these officials is that their official career will ere long come to an end.

C. A. Saltmarsh is in receipt of a telegram from his brother, Louis O. Saltmarsh, of Chicago, stating that Miss Libbie, his elder daughter died there on Saturday afternoon and will be buried today. Mr. Saltmarsh has had charge of the display advertising of the Chicago Newspaper Union for nearly ten years having learned the printer's trade with William Fryinger in the Banner office at Brownstown, and afterward worked in this city on the Monitor Journal with Ed. Shiel. Mr. Fryinger has the credit of starting two Brownstown boys into the newspaper work that have been successful, the other being Sam Cox of Boston. Lou and Sam were "devils" in the printing office about the same time under the boss who imported the first setting of "possum eggs" from Pennsylvania to the astonishment of Brownstown Hoosierdom.

Recognizing the tendency of the times to cheapen prices for sensible healthy amusements, the managers of the "Uncle Spruceby" company, which appears at Opera House on Friday night March 24 have decided to appear this season at 10, 20 and 30 cent prices.

The wisdom of this move appears to have been justified by the packed houses that greet the company everywhere. The play is an enjoyable New England comedy-drama and for the past seven years has appeared only at regular prices all over the country.

Special scenery, the great saw mill scene, the big operatic orchestra and a first-class company are still carried and no attempt has been made to cheapen the attraction on account of playing at popular prices.

I have been afflicted with Rheumatism for fourteen years and nothing seemed to give relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—JOSH EDGAR, Germantown Cal. For sale by C. W. Milhouse.

A Common Danger.

If you ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way for consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by all druggists. Prices 25c and 50c per bottle.

A Great Deal

Of unnecessary expenditure of time and money may be saved if you will only keep a bottle of Dr. Caldwell's Syrup Pepsin in the house. Nineteen-tenths of all ordinary sickness is from the stomach; keep that organ in proper condition and all will be well. Syrup Pepsin is a specific. Trial size bottles 10c, large sizes 50c and \$1.00 of A. J. Pellens, druggist.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power, that they offer One Hundred dollars for any case that it fails to cure. Send for list of testimonials.

Nervous Wreck

Left by La Grippe in a Very Nervous Condition. "Had 'Queer Feelings' in my Head." Cured by

Dr. Miles' Nervine.

If you have had La Grippe, you can realize something of the suffering endured by its thousands of victims every year. You know, perhaps, how it tears and strains at your spinal column; how it twists your neck and fairly seems to split your head wide open. You know how it seizes you with a vice-like grasp, whirling you up into the black cloud of a nervous cyclone—then suddenly lets you go and you fall back bruised and wounded when the storm is over. Perhaps you also know that Miles' Nervine will kill La Grippe—that it is a wonderful healer and will close up the lacerated wounds and revive the vanquished spirits. Thousands of unfortunate victims have found in that great nerve food and tonic just the medicine needed to repair the injuries inflicted by the modern scourge, La Grippe. If you don't need it tell your friends about it. It will help them.

Mr. J. M. Allison, 54 Tacoma ave., Indianapolis, Ind., can not say too much in praise of Dr. Miles' Restorative Nervine. He writes: "In January, 1892, I was taken with a severe

case of La Grippe which hung on for five long weeks; and as a result I was left in a very weak condition. My nervous system was affected to such an extent that I could not sleep at night, and I was restless at all times. As my physicians were unable to relieve my suffering, I decided to try Dr. Miles' Restorative Nervine. After using one bottle I began to sleep at night, and my sleep was quiet and restful. As I continued the use of the medicine my nerves steadied up, the "crazy feelings" left my head, and I have not been troubled with them since. Dr. Miles' Nervine did more for me than all the doctor's medicine I ever took." Another victim of La Grippe writes as follows: "I had an attack of La Grippe which left me in a fearful condition. I lost all appetite for food, was troubled with a fluttering sensation of my heart, and my nerves were so shattered that it was almost impossible to obtain sleep or even to lie down. The doctors did all they could for me and finally told me that I could not live more than three weeks. I then commenced taking Dr. Miles'

Restorative Nervine together with Dr. Miles' New Heart Cure and in less than two days I was able to go to bed and sleep soundly all night. I continued to improve steadily until my old strength and vigor had returned to me, and now I feel as if I had been made a new man. My gratitude for the benefit I have received from these wonderful medicines is unbounded, and I never cease to sound their praises whenever and wherever opportunity occurs. S. H. WARREN, Box 29, Gaylord, Mich.

Drink Grain-O.

After you have concluded that you ought not to drink coffee it is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and taste like the finest grades of coffee and costs about $\frac{1}{2}$ as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

Grain-O Brings Relief.

to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c. per package.

Chronic Nasal Catarrh poisons every breath that is drawn into the lungs. There is procurable from any druggist the remedy for the cure of this trouble. A small quantity of My's Cream Balm placed into the nostrils spreads over an inflamed and angry surface, relieving immediately the painful inflammation, cleanses, heals and cures. A cold in the head vanishes immediately. Sold by druggists will be mailed for 50 cents by My Brothers, 36 Warren Street, 22N York.

Shooting At His Wife.

Yesterday evening, City Marshal Thickett took William Thorp to Brownstown and placed him in jail, charged with shooting at his wife last Sunday at Ewing. Thorp and his wife had parted and she had gone to the home of her mother at Ewing. He went down to see her Sunday. She refused to return home with him and she claims that he then shot twice at her but his aim was poor. Thorp denies utterly that he did any shooting at all. He was given a preliminary hearing and was bound over to court in the sum of one hundred dollars, and in default of bond was placed in jail.

Farm Residence Burned.

Bruce Murphy's farm residence occupied by William Patrick, on the Cummings farm three miles east of Brownstown, burned at 10 o'clock this morning. The fire caught from a defective flue. Very little of the contents of the house were saved. The house was a story and a half building. Loss is estimated at \$1,800 with a small amount of insurance.
